Our top tips to get your fundraising off to a great start:

1. Share, Share, Share

Sharing over social media and WhatsApp can help you raise more. Don't be afraid, people will want to hear about the incredible things you are doing. You can also add #BoycottyourBed to join the conversation with other participants across the UK.

2. Back yourself!

Just Giving's research has shown that people who donate to their own page raise up to 42% more, so make this your first step if you're able to.

3. Update your page

Let supporters know how you are doing by updating your page often, they will enjoy following your progress!
